

Ute Muster Rules and Expectations

1. Definition of a "Ute": Any vehicle with a tray area, which has a carrying capacity of up to 3 tonnes. Tray area can be covered with a canopy or the like.
2. **ALL** Utes to be judged must be in place no later than 10am. ***If you aren't there by then you don't get judged.***
3. Judging to begin at 11pm sharp. If the owner is not present the ute will be judged without the owner present. Therefore, it is in your best interest to be around when judging is scheduled to start.
- 4: Judges decision is final; no dummy spitting will be tolerated.
5. Follow all of the marshals' directions.
- 6: Entry into Ute muster does not mean entry to the Festival. A separate pass must be purchased upon entry to the showgrounds.
7. Registration fee is \$20. This enters the vehicle in a total of 13 categories (1 red, 5 blue, 1 purple and the automatic entries). Extra Category entries may be purchased at \$5 per category.
- 8: Each ute can only win one category (not including loudest stereo/exhaust, furthest traveled, most likely to be pulled over or encouragement awards) but can be entered into as many categories as the owner likes. This then puts the winning utes for each category into judging for Grand champion ute..
- 9: SA Road laws will be enforced in and around the showgrounds so behave. Remember that your behavior is on public display and can reflect badly upon all others taking part in this and future musters.
- 10: Attendees assume full responsibility & accept full liability for their own health, well-being, safety, physical actions & the result of all their actions.
- 11: Any attempt to carry out "Circle Work", "Key Bangers" and the like will result in immediate expulsion from the Showgrounds with forfeiture of all entry fees. This also includes unsanctioned noise such as "Rev Checks".
- 12: BYO of alcohol prohibited
- 14: Failure to comply with rules & instructions will result in automatic disqualification from the competition & forfeiture of entry fee
